CITY OF LOS ANGELES

SECTIONS OF STANDARD MANHOLE FOR SECTIONS 4 TO 8 INCLUSIVE NORTH OUTFALL SEWER

JOHN A. GRIFFIN - CITY ENGINEER

Approved May 28, 1923

City Engineer

Scale in Feet

0 1 2 3 4

Notes
1. For design of Manhole Frame and Cover to be used as part of this structure, see Plan No. 27548.
2. Except as shown herein, the seven-foot-long manhole section shall be constructed according to Plan No. 29047.
3. For connection with Ferguson Segment Block and Concrete Sewer (see Plan No. 29043) the liner block shall extend beyond the joint of the section, so as to break a continuous through joint. The outer block shall stop at this joint.
4. For connection with Brick Concrete Sewer (see Plan No. 29047), the liner brick shall extend beyond the joint of the section so as to break a continuous through joint.
5. All work to be done and materials furnished in accordance with specifications therefor.
